

**McCaslin Boulevard On- and Off-Ramp Restrictions
Concrete Crosswalk Installations
Starting Monday, Dec. 21**

As part of the US 36 Express Lanes Project, work continues to complete the Diverging Diamond Interchange (DDI) on the McCaslin Boulevard bridge by the end of this year. Weather and schedule permitting, concrete crosswalk installations will be ongoing before the Christmas holiday and the following week, prior to the New Year. Daytime ramp closures will take place at the following ramps to pour the new concrete crosswalks. Detours will be advertised, and alternate routes are advised.

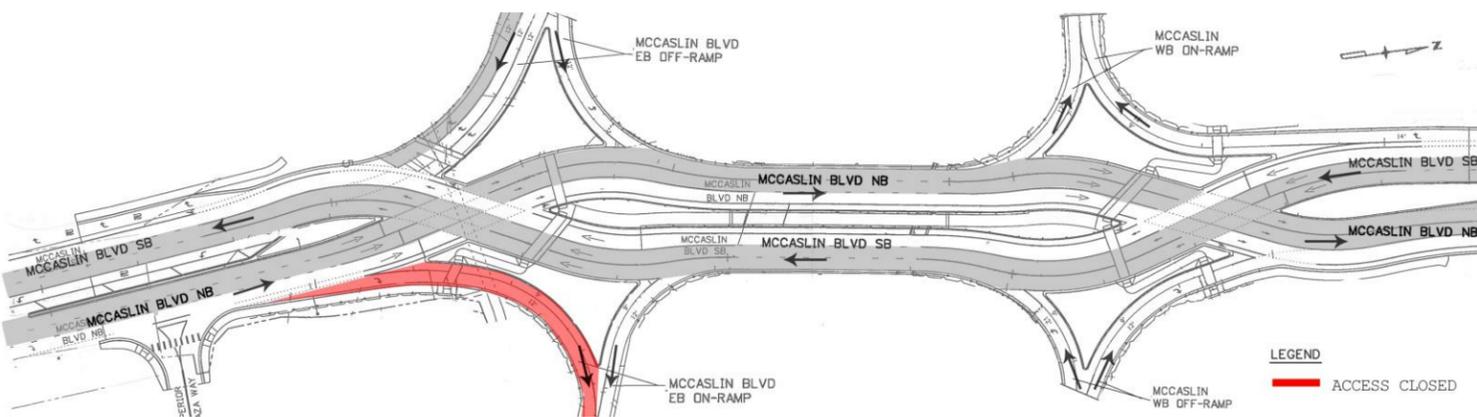

**Southbound McCaslin to Westbound US 36 On-Ramp
9 a.m., Monday, Dec. 21, to 7:30 a.m., Tuesday, Dec. 22**

**Westbound US 36 Off-Ramp to Northbound McCaslin Boulevard
9 a.m., Tuesday, Dec. 22, to 7:30 a.m., Wednesday, Dec. 23**

**Northbound McCaslin Boulevard On-Ramp to Eastbound US 36
9 a.m., Monday, Dec. 28, to 7:30 a.m., Tuesday, Dec. 29**

Detours will be clearly marked. RTD bus routes will not be impacted. Lanes and ramps not in red will be fully operational and accessible. We appreciate your patience while we work toward finishing the McCaslin Boulevard DDI. We understand that closures are an inconvenience to drivers and businesses in the area. For more information, go to www.us36expresslanes.com or call the project hotline at 303-404-7042.
